

NOTICE
LPR & Guest / Visitor Management System

Dear Members,

The Club will introduce a License Plate Recognition (LPR) System, which will officially go live on 16 March 2026. In addition, a Guest/Visitor Management System (VMS) will be introduced effective 16 March 2026 for a trial run. This initiative aims to enhance security and improve guest access to the Club, with full implementation targeted by April 2026.

Vehicle Registration

Members are requested to register or update their vehicle information at the Club Office, Reception, or Library if they have not yet done so, to ensure smooth access. The current card reader system will remain operational during the transition period.

Members' Parking

Members must display a valid PSC parking sticker when parking within the Club premises, in accordance with Bye-Law No. 21. **New car stickers can be collected on 15 March 2026 at the Members' Dialogue Session**, or from the Membership Office thereafter.

Visitor Parking

Visitor parking will be relocated to Level 12 designated visitor lots. Members bringing visitors will receive a Visitor Parking Card which should be displayed on the vehicle windscreen.

Guest / Visitor Management System (VMS)

Members will be able to **pre-register guests conveniently through the mobile app**, generating a visitor QR code for seamless entry. Upon arrival, guests simply register their identification at the Guard House.

Members are reminded that they remain responsible for ensuring their guests are properly registered and comply with Club guidelines.

Don't miss the vendor briefing and Q&A session following the Members' Dialogue on 15 March 2026!

This is your opportunity to **experience the new LPR system** and **explore the upgraded VMS app features**, designed to make guest/visitor entry at the Club **faster, smoother, and hassle-free**. Get firsthand insights and have your questions answered directly by the vendor, enhance your guests' experience with the Club's latest innovations!

Thank you for your cooperation.
